

Due to the ongoing pandemic and related NYA guidance, NCS made the decision to run its programmes differently in 2021 to ensure we could guarantee an experience for our Young People during an uncertain time. NCS Trust repurposed its contracts and, together with our network, delivered 2 week programmes with no residential aspect to them, alongside alternative services and activities to support young people and schools.

*We collect data on the individual young people who participate on Summer and Autumn programmes, and Changemaker events. This enables us to calculate the number of young people who did a Summer or Autumn programme and attended a Changemaker event. It's possible that there could also be some overlap with Skills Booster or Futuremakers participants but we aren't currently able to quantify this.

**39,164 young people also benefitted from resources shared by the Trust for the National Launch event, which ran from January until June 2021.

**36 Kickstart participants had extended UK Year of Service placements so this figure shows the total unique young people across both opportunities.

Number of YP hours is rounded down, hence the total hours not being equal to the sum of all regions or local authorities. Some participants also took part in events run by partners from different regions, hence the sum of the regional participants does not equate to the total participant number.
